DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-25 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims to a deck lid covering the storage compartment are incorrect to the disclosure which defines the cover of the storage compartment as a "tonneau cover", claims 1, 7, 16, 21.

The seal does not extend along the "deck lid", but --along a rear edge of the tonneau cover--.

"First roof panel", claim 7 lacks antecedent.

Claim 16 is incorrect. The seal is fastened to a rear structural beam, page 18. Note that this feature is not shown in the drawings and drawings will be objected to once added to the claims.

Claim 21 is not understood and determination of infringement is in doubt in "extending over three different planes". A seal is a three dimensional structure and hence has an infinite number of planes therethrough.

Claim 23 is not understood on the last two lines. Please clarify.

Allowable Subject Matter

3. Claims 1-25 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
